

Sprint Retrospective 4 - Team 23

Achievements

- Near finished product
- Interactive charts and graphs
- Functional FAQ section
- Partial job inspection window
- Security Mechanisms

Drawbacks

- More features could have been added
- Due to changes a lot of bugs
- Multiple design changes
- Searching for an effective data representation framework

Ideas to Start Pursuing

- Bug testing for final presentation
- Fix issues with the job inspection view
- Client testing
- Final design/colour schemes and visualization

Things to Stop Doing

- Implementing (not required) major Additional features

Ideas to Continue Pursuing

- Dark mode theme
- Design experimentation
